

Welcome to Robert's illustrations!

If you have a project that you might like to discuss with us, then here are a few factors to get you started:

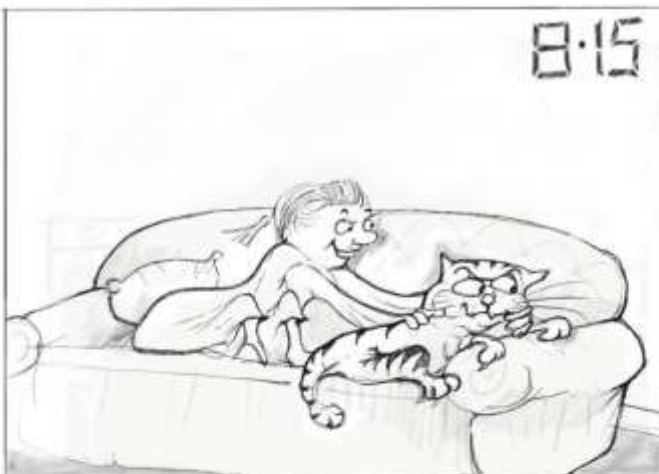

- Illustrations begin at £25 for a black and white sketch – most people will have a number of sketches – perhaps 10-12 to illustrate their particular project.
- Colour sketches are from £40.00 each
- A cover illustration is a little more
- All illustrations are drawn by hand and are finalised and delivered to the Client in digital format. (unlike a commission piece which would be delivered 'live').
- Please feel free to ask any questions you like
